Jafar Jamshedi

Front-End Web Developer with 3+ years of experience building responsive, user-centric web applications using modern JavaScript frameworks such as Vue.js, React.js, and Next.js. Proven ability to collaborate effectively with cross-functional teams, translate UI/UX designs into functional interfaces, and optimize front-end performance. Skilled in integrating RESTful APIs, debugging, and maintaining clean, scalable code. Strong attention to detail, time management, and commitment to continuous learning.
